

YOU, FRIENDS, AND STRANGERS

These are some of the common effects of drinking too much alcohol.

In the grid tick the boxes to say who may be affected by each effect:

	Does this affect...		
	The drinker?	The drinker's friends?	Other people as well?
Vomiting			
Blurred vision			
Can't stand or walk straight			
Being louder than normal			
Saying things they wouldn't normally say			
Causing an accident			
Arguing and fighting			
Making a fool of themselves			
Ending up in hospital			
Having a hangover			
Being unable to go to school or doing badly at school
