Supporting young people with Down's syndrome and learning difficulties to thrive!

Learn^{and}Thrive

Providing ready-made, easy access and totally FREE learning support tools. We understand the learning profile of children with Down's syndrome and other learning difficulties. We have built a set of off-the-shelf learning tools to make your life easier.

Relationships, friendship, puberty, personal health, sex and consent!

Vital areas of education that are often side-lined without the resources needed to help young people really understand the world around them.

Learning For Life is a new series differentiating the RSE curriculum to meet the needs of our learners. Our resources offer a simple but effective way of teaching these crucial topics.
